

WELCOME to the PLCA & PLA Annual General Meeting

August 2, 2021

I'm new to Microsoft Teams! Help!

Tips for Users

Microsoft Teams Tips with Lori!

- **Always stay on mute** when you are not speaking (see controls instructions below)
- Put up your hand “virtually” or use the chat text function when you want to speak
- For a vote – you can use the “raise your hand” feature (if available), chat function or speak out loud
- Any votes that take place will be done so as prescribed in Perry and Perry, *Call to Order* (2nd Ed.); Big Bay Publishing Inc., 2004 – only “nays” will be called for given virtual approach

Understanding Call Controls in Microsoft Teams

- Timer – tells us how long we have been on the call together (red dot beside means we are recording)
- Webcam – allows you to turn your camera on and off (you can also use this to save some internet bandwidth)
- Microphone mute – allows you to turn your microphone on and off (always leave it off when you aren’t speaking)
- Share screen – allows you to share your computer screen/presentation with the group
- More options – shows a variety of additional options including recording the session
- Raise Your Hand – allows you to virtually put up your hand to get the facilitator’s attention
- Chat – allows you to join the text typing chat at the side of your screen
- Participants – allows you to see a list of all the participants, and mute individuals if required
- Hang up – allows you to leave the meeting

PLCA/PLA Trivia Time!

Question

**Which way does the water
flow through the
canal? From Pen Lake to
Fairy Lake or the other way
around?**

Answer

Trick Question

It goes both ways!

**Depending on water
levels and the
flow from the big
east**

Question

What's the name of the biggest island on Pen Lake?

Answer

Hill's Island

Question

What's the original name of Hill's Island?

Answer

**Isle
Dunelg**

Question

Used in the 1900-50s, what was the name of the steam train that transported cottagers between South and North Portage?

Answer

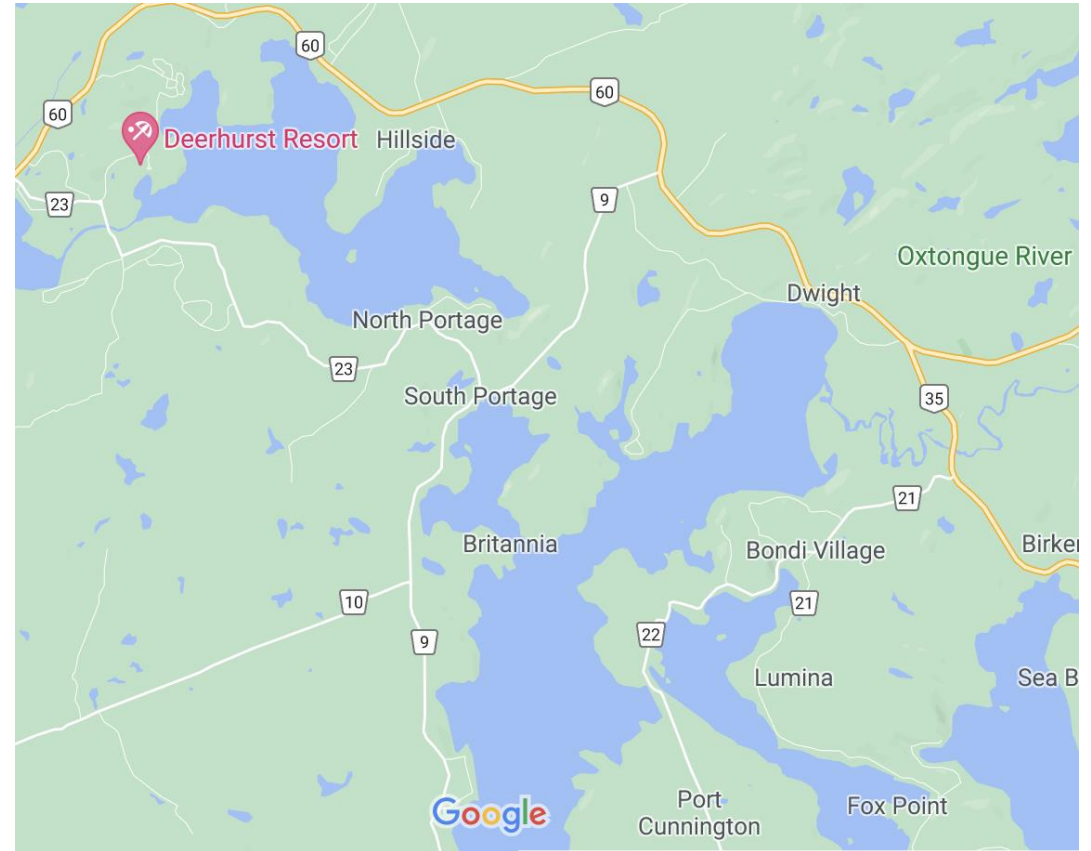

**The
Portage
Flyer!**

Question

**Why was the Portage
Flyer built instead of a set
of locks?**

Answer

The Lake of Bays water level is some 90' above Pen Lake's, making it too costly to build locks

Question

**Name 3 American families
who summer at Pen Lake**

(and are desperate to return once the borders reopen)

Answer

Question

What was the name of the old disco at Deerhurst?

Answer

The Four Winds

What year was Springsyde dock registered?

Also... final call for donations that will be recognized on our plaque – the dock repairs are 90% done! Come by and check it out!

What year was Springsyde dock registered?

Springsyde is the name given to the one mile of south-east shoreline of Pen Lake. **The “Plan of Springbank” was registered in 1903** when this area subdivided into cottage lots. The Springbank Cottagers’ Association (“SCA”) was created in 1905. At that time, an Association dock and boathouse were built for use by the Association. The Algonquin Steamer stopped at this dock starting in 1906, delivering a mailbag for the Springbank cottagers. Springbank changed its name to Springsyde in 1912.

Who were the original people of Pen Lake?

- a. Anishinaabeg**
- b. Moffats**
- c. Potawatomi**
- d. Eastmures**

Who were the original people of Pen Lake?

a. Anishinaabeg

Where can you find the commemorative plaque commemorating the Anishinaabeg hunter-gather society?

Where can you find the commemorative plaque commemorating the Anishinaabeg hunter-gather society?

Cedar Narrows Heritage Park in Dorset (at the Highway 39 bridge that spans the Dorset Narrows)

PLCA/PLA Annual General Meeting

August 2, 2021

Agenda

1. Hello, Trivia & Instructions: Lori Vaudry

2. Land Acknowledgement: Bridget Love

3. Welcome Members & Special Guests: Graeme Eastmure

- Karen Terziano - Mayor of Huntsville Mayor
- Nancy Alcock - Huntsville Councillor
- Tim Withey - Huntsville Councillor
- Michael Peppard - District Councillor
- Nancy Tapley - LOB councillor
- Richard Clark - Huntsville Manager of Planning

4. Introductions: Board of Directors for the PLA & PLCA

5. PLA AGM

6. 10 minute break

6. PLCA AGM

Peninsula Lake Association 2021 Annual General Meeting

August 2, 2021

Agenda

- | | |
|---|------------------|
| 1. Call to Order | Gord Moffat |
| 2. Vote to Approve the Agenda | Gord Moffat |
| 3. Vote to Approve the Minutes: AGM 2020 | Gord Moffat |
| 4. President's Report | Gord Moffat |
| 5. Communications | Ted Charlton |
| 6. PLA Property & PLNFR Updates | Ken Harper |
| 7. Treasurer's Report | Cathy Oakden |
| 8. Vote to Approve the PLA Financial Statements | Gord Moffat |
| 9. Environmental Report | Wendy Somerville |
| 10. Vote to Elect the New PLA Board | Gord Moffat |

PLA / PLCA 'Lakeside' Publication Insertion

Distributed on docks of all Pen Lake cottages on July 16th

Protect Your Waterfront Investment

The Peninsula Lake Association's primary mandate is to **preserve, protect, restore and improve** the natural resources, water quality and environment of the Peninsula Lake watershed.

We are committed to **sharing environmental information** with members, including conducting educational seminars, conferences and public forums about the flora, fauna, hydrology, and geology of the region.

As such, we are pleased to have partnered with the Muskoka Watershed Council to provide you with the great information attached copy of their **'Protect Your Waterfront Investment'** brochure.

Your Shoreline. Our Lake.

Peninsula Lake's waterfront is the "ribbon of life" that supports the diverse fish and wildlife that we enjoy. We encourage the restoration of the shoreline and riparian areas to increase the percentage of the shoreline that is natural, to meet and exceed local planning targets.

For additional information about how you can restore or retain your waterfront in its natural state, please visit the 'Environment' section of the Penlake.ca website or send the PLA an email at penlakeassociation@gmail.com

Eco Workshops Online

To ensure all members have access to relevant and important information about Pen Lake water quality and other environmental topics, the annual PLA Eco-Workshops previously conducted in-person have moved online. Following the successful 'remote' Eco-Workshop in 2020, all past content and related information will now be available in the Education section of the Environment tab of the Pen Lake website.

Protecting Our Lake for Generations to Come

Comprehensive Water Testing

Water monitoring provides a measure of water quality health through specific techniques such as secchi disc readings and phosphorus levels. Specific benthic monitoring is also completed which assesses the long-term health of Peninsula Lake.

Safety & Enjoyment

The PLA wants everyone to enjoy a safe and comfortable time at the lake. We undertake many programs that support this goal.

Boat Safety

PLA deploys and maintains navigational buoys on our lake. Our boaters appreciate the marking of rocks that hide beneath the lake's surface just waiting to take a chunk out of a prop. In addition, the PLCA promotes boating safety by publishing boating regulations and guidelines.

Loon Protection

We are actively protecting our loons through wave reduction programs along shores and the canal. Floating man-made loon habitats have also been deployed in the lake to help the loons manage water levels.

Your PLCA Represents You

Relationships & Partnerships

Events & Activities

The PLCA and PLA host many social and educational events that as a member you and your family can participate in. Our events are a wonderful opportunity to meet new neighbours and enjoy long standing lake friendships.

- Annual Pen Lake Regatta
- Regatta Square Dance
- Canada Day Party
- Annual Corn Roast
- Sailing Races
- Potluck Luncheons
- Dock Party
- Golf Tournaments
- Star Gazing Events
- Annual General Meeting

Communications

Through our emails to members, the PLA/PLCA endeavours to keep members up to date on relevant information, dangerous conditions or extreme weather. Our bi-annual Pen Notes newsletter provides updates on our initiatives and events.

Join Us!

Peninsula Lake Association/ Peninsula Lake Community Association

We invite you to purchase your annual \$75 membership by mailing us this form or online at penlake.ca/store/membership. Your membership entitles you to one vote at our AGM in addition to all the benefits listed in this brochure. Joining the PLCA also means you will automatically become a member of our partner organization, the Peninsula Lake Association (PLA).

Peninsula Lake Association Spring 2021 Update

Welcome to Spring 2021!

We hope you, your family and friends are all safe and healthy as we navigate this ever-changing pandemic. If you are not yet able to be up at the lake, we wanted to let you know that the lake is still frozen. The ice huts have been removed from the lake, but daytime users are still trying to catch the elusive big one. The snow is melting and almost gone.

Guess the 'Ice-Off' Date Contest

Guess the correct date that the ice is off Pen Lake, and you can win a pair of Pen Lake coffee mugs or beer steins.

The board will put all the correct 'date' answers in a winner's wheel and the winner will receive their choice of either two Pen Lake coffee mugs or beer steins. 'Ice-Off' date will be chosen when the two main bodies of water either side of the Peninsula are open; this does not include any of the bays on the lake.

Two Ways to Submit Your Date!

1. Submit your guess by replying to this email with your selected 'Date' (One entry per member)
2. Submit your answer through the official PLCA [Facebook](#) site:

Peninsula Lake Association May 2021 Member Update

3rd Annual PLA Commemorative Tree Auction

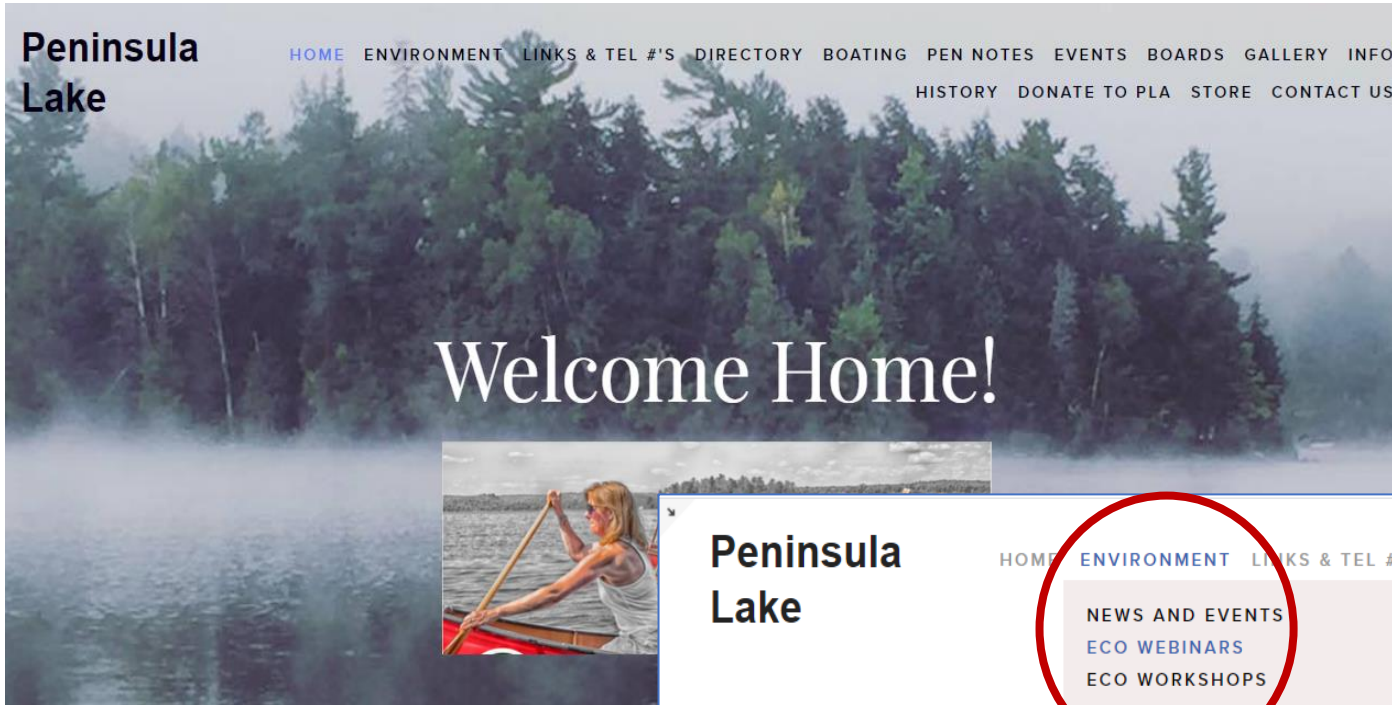

The PLA is pleased to announce the **3rd Annual PLA Commemorative Tree Auction**. Each year we auction off (and plant) FIVE 7-10' trees on the PLA's McCann-Lamon Meadow with a plaque displaying your family's name and/or commemorative message. These trees and plaques will be there for generations to come.

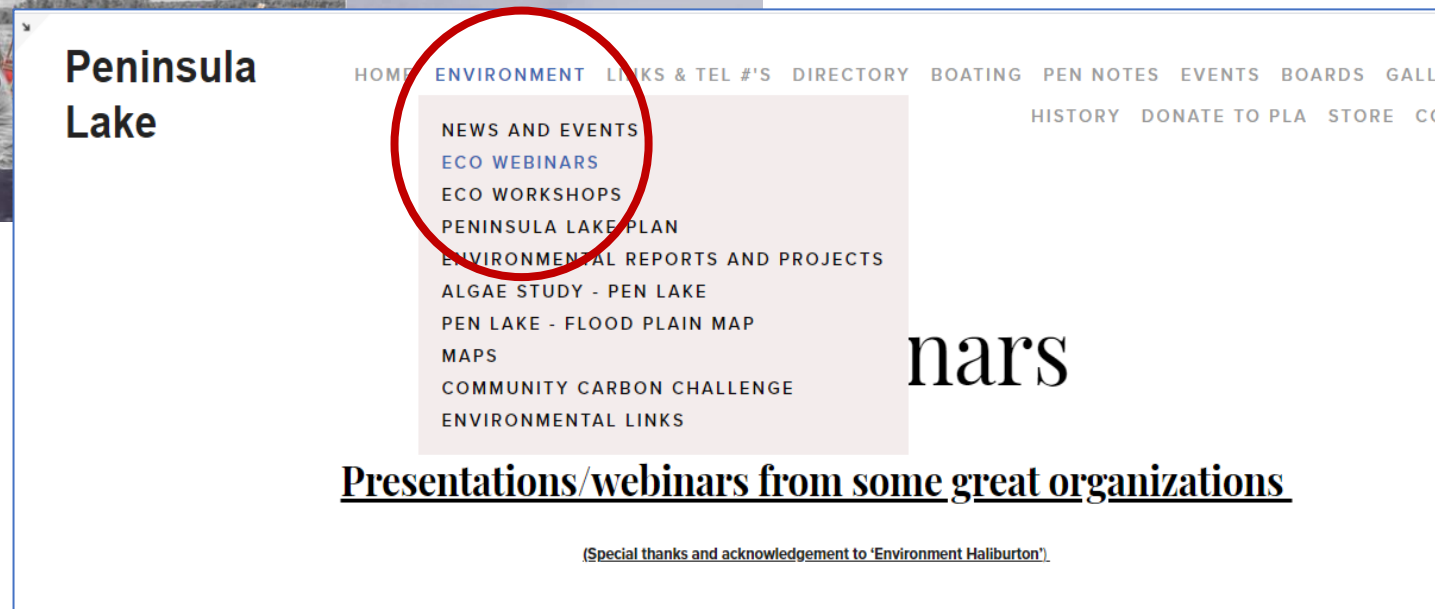

The auction starts on May 3rd and runs through to June 13th OR when all trees have been sold (there is a 'buy now' option). This is a great opportunity to commemorate your loved ones and leave a permanent mark on Pen Lake for history.

Website Update

- Site content reorganized
- Focus on member experience based on User Analytics
- Increased focus and content added to Environment section
- **'Eco Webinars'** added to replace 'Eco Workshops'

PLA Eco Workshop

2020 ECO WORKSHOP - SATURDAY JULY 18, 2020 9:30 - 11:30 AM

Unable to join this year's Eco-Workshop? View presentations now (See below).

Thank you to the **2020 PLA Eco-Workshop** presenters and to those that joined us virtually for this year's presentation. Despite not being socially together this year's Eco-Workshop was once again very informative and environmentally inspirational.

If you were unable to join the Eco-Workshop, you are invited to view 3 of the 4 presentations online by clicking on the links highlighted below.

Presentation Topics:

- Mike Peppard** (District of Muskoka) - Monarch Butterflies and their Habitat
- Rob Bosomworth** (Safe Quiet Lakes) - Organization Overview and 2020 Programs
- Wendy Somerville (PLA)** - 2019 Pen Lake Testing Results
- Kevin Boyle** (District of Muskoka) - When and how to use road salt effectively, with the least environmental damage and a preview of the new Muskoka Flood Plain Maps (**Presentation not available online**)

If you have any recommended topics or suggestions for the 2021 Eco-Workshop, please email to Wendy Somerville at: wsomerville@rocketmail.com

Shaw Road Refurbishment

Current State:

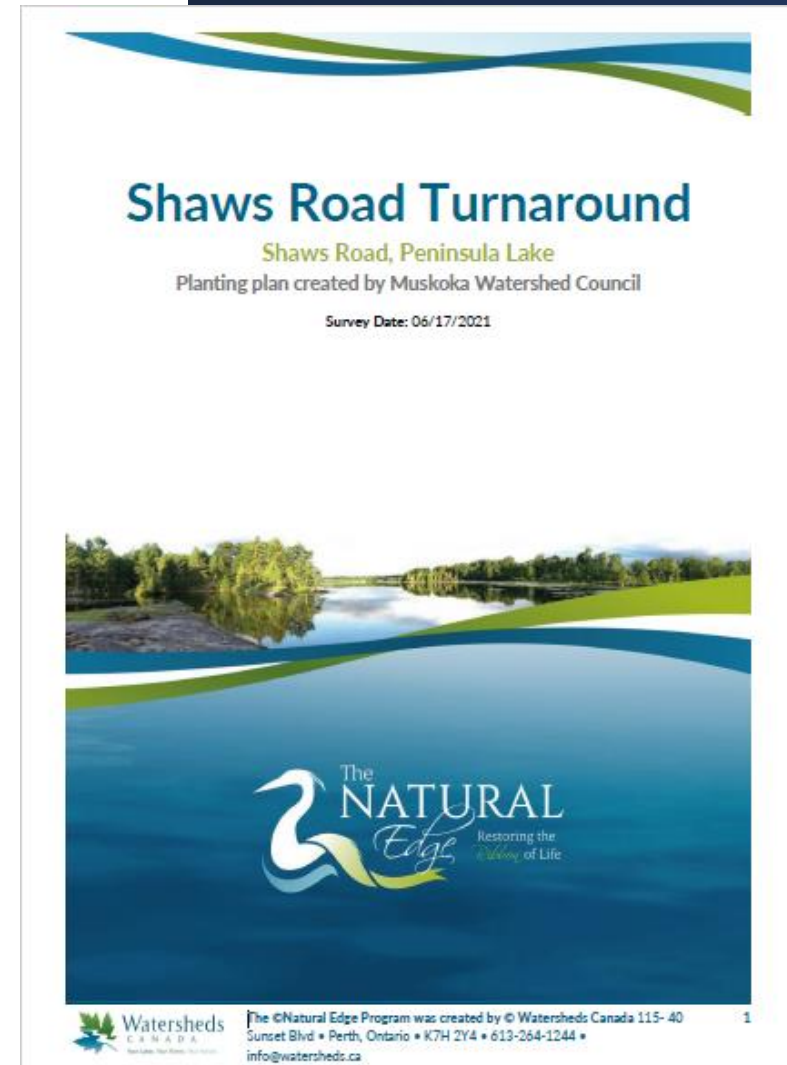

- Open and Bare land
- No protective vegetation
- Was used as a water source by company resurfacing Hwy 60 and left quite disheveled
- Opportunity to clean up. Plant vegetation barrier and still allow access to water for public
- PLA is partnering with Muskoka Watershed to restore

Shaw Road Refurbishment

Desired Future State:

- Planting plan developed in partnership with Muskoka Watershed Council
- PLA Delegation Presentation to Township of Lake of Bays scheduled for Tuesday August 3, 2021

Compartment A

Naturalization Area

Boulders to be placed on land side of the planting zone.

- PH: acidic
- DEPTH: potted
- MOISTURE: normal
- SOIL TYPE: sandy
- PLANT HEIGHT: any
- LIGHT CONDITIONS: full s

Compartment B

Naturalization Area

Boulders to be placed on land side of the planting zone.

- PH: acidic
- DEPTH: potted
